ABOUT ME

Italian nationality · 06/12/2000

I hold a Master's Degree in Computer Engineering. During my academic path, I had the opportunity to work on a real-world project aimed at improving the thesis management system at Politecnico di Torino. I am passionate about creating digital solutions that truly serve users, with strong attention to accessibility, usability, and clean design. I enjoy working in Agile teams and constantly seek to improve both product quality and team collaboration.

TECHNICAL SKILLS

- **Programming languages:** C, Java, JavaScript, TypeScript, PHP, Kotlin, Rust, HTML, CSS
- **Front-end technologies:** React, Angular, Bootstrap
- **Back-end technologies:** Node.js, Express
- **Databases:** SQL, MySQL, MongoDB, Firestore
- **Development tools and environments:** Git, GitHub, Docker, VS Code, Android Studio, Eclipse

PERSONAL INTERESTS

- Passionate about narrative and investigative podcasts

I authorize the processing of personal data contained in my curriculum vitae based on art. 13 of Legislative Decree 196/2003 and art. 13 of EU Regulation 2016/679 relating to the protection of individuals with regard to the processing of personal data.

EDUCATION AND TRAINING

- December 2022 - April 2025
Master's Degree in Computer Engineering (Software specialization) – Politecnico di Torino
 - **Thesis:** User-Centric Agile Redesign of the Thesis Management System for Politecnico di Torino
 - **Graduation Date:** 11/04/2025
 - **Final Grade:** 107/110
- September 2019 - December 2022
Bachelor's Degree in Engineering And Management (L-8) – Politecnico di Torino
 - **Thesis:** Tool for gender gap analysis and teamwork research simulation
 - **Graduation Date:** 16/12/2022
 - **Final Grade:** 96/110
- September 2014 - June 2019
Scientific high school diploma – Liceo Scientifico Alessandro Volta (TO)
 - **Final Grade:** 90/100
